

Fuji Xerox Healthcare Solutions

Digitising document-intensive processes can help give staff more time to look after residents' needs. We can help you bring the benefits of digital into aged care.

Modernise for better resident care

Help your residential facility move towards a digital future and shift the burden of paperwork that takes up so much time and money.

Fuji Xerox can help to provide information management tools that reduce risk and deliver compliance, providing instant access to the most up-to-date information about your residents. By digitising document intensive processes, we can help you cut down administrative costs, streamline resident care and give staff more time to focus on resident needs.

Start by digitising a single process, with a clear roadmap that takes account of your existing care systems.

Fuji Xerox can assist you to transform for the future. That's why over 1,000 Australian healthcare providers rely on us.

DOCUMENT AND WORKFLOW SOLUTIONS

Digitisation gives your facility the power to handle all that 'paperwork' far more efficiently, and redirect time and resources into superior resident care. Digitising, automating, and optimising document workflows offer organisations compelling benefits, including an average 35% reduction in costs, 42% reduction in paper documents, and 52% reduction in errors.*

Fuji Xerox can help you to:

- **Simplify the way you manage information, to reduce administrative time and cost.** Replace paper forms with eForms that automatically update residents' medical information, medication management and other critical records with minimal data entry.
- **Free up staff to focus on resident care.** Reduce the time carers and other staff spend on admin by digitising documents and streamlining document management workflows.
- **Provide quick access to residents' information,** with the ability to access digitised documents quickly, efficiently and securely from anywhere in your facility.
- **Streamline admission and other processes.** Digitise all admission-related documents and import that information directly into resident management systems – removing time-consuming data entry.

ADMINISTRATIVE SOLUTIONS

Improve the efficiency of your administrative operations, reduce print costs and paperwork, and free up time and resources. Fuji Xerox can help you to:

- **Create the optimal print environment for your facility.** Save paper, power and money, and increase sustainability with complete control of printing.
- **Track all copying, printing, faxing and scanning** to reduce and/or recover costs.
- **Provide security of resident information** with secure printing.
- **Reduce the time and cost of record management** with digitised workflows and eForms that update residents' records automatically.
