

Why more than 3,000 Australian schools think Fuji Xerox

Welcome to a new school of thought

No matter where your school is up to in its digital transformation, Fuji Xerox has answers

From digitising key document processes to improving the way you attract and retain students, Fuji Xerox can ease your digital transformation, across the board. Start by digitising a single document flow, or transform your processes from end-to-end to liberate time and budget – securely, reliably and sustainably. That's why over 3,000 schools from K-12 nationally choose to partner with us.

“

We've already started on a number of projects, including an entirely online enrolment process, right from expression of interest to actually arriving at the school on day one.

Sally Gates
Operations Manager
Canberra Grammar School

Think student records without the paperwork

Digitise and automate paper-based processes and workflows to reduce administrative time and cost. Fuji Xerox can help you to:

- Replace paper forms with eForms that automatically update student attendance, medical information and other critical records
- Reduce the time teachers spend on admin by digitising documents and streamlining document management workflows
- Move enrolment and other processes online and import that information directly into your student information systems

Think standout communication for a digital age

Transform the way you attract enrolments and build your school brand. With deep expertise in multi-channel communication, Fuji Xerox can help you to:

- Attract students and drive enrolments with professional marketing and communications materials
- Transform communication with parents with personalised messages through the digital channels they prefer
- Produce professional marketing materials and digital content in house, at lower cost

Think data without the entry

Improve the efficiency of your administrative operations and free up time and money. Fuji Xerox can help your school to:

- Automate accounts payable and receivable to cut the need for manual data entry
- Reduce the cost of updating student records with eForms that do it automatically
- Digitise and archive student records to reduce the growing cost of storing and paper
- Reduce and recover print costs with total control of staff and student printing

Think teaching tomorrow's skills today

Transform the dimensions of teaching and learning. Fuji Xerox can help you to:

- Put exciting 3D printing capabilities in reach of STEM students
- Give all students secure anywhere, any time access to learning resources in the cloud

“

Our goal was to partner with a vendor who could help us achieve our long-term plans in document management and minimise our reliance on paper-based processes.

Ian Anthony
Business Manager
Iona Presentation College

Think sustainability

“I was trying to establish a system where we didn’t need to produce many paper documents. Fuji Xerox have provided us with an actual document management system, rather than just a document storage system.”

Michael Burgess
Bursar
Trinity College

Our sustainability credentials

With awards from the United Nations and the Banksia Environmental Foundation, Fuji Xerox Australia is well recognised for its commitment to sustainability.
