

Fuji Xerox mobility solutions

Seamless work environment
with easy connectivity.

Transform Your Business with Mobility

Fuji Xerox mobility solutions offers a choice of integrating your Multifunction devices, smart phones and cloud services for a seamless work environment. Combining features like NFC (Near Field Communication) with Wi-Fi direct, users can further enhance their experience on selected Fuji Xerox devices.

Fuji Xerox Print Utility App

Print directly from iOS or Android devices with the Fuji Xerox Print Utility App - mobile printing and scanning convenience at your fingertips. Allowing you to print stored photo albums, web pages or shoot and print on the go from your iOS or Android device.

Print Utility

Free App Download

> [Download for iOS](#)

> [Download for Android](#)

*Customers can simplify cloud printing requirements by using Fuji Xerox Print Utility App's direct connectivity option with Fuji Xerox [Cloud Service Hub 1](#).

Wi-Fi Direct

With Wi-Fi Direct, users can directly connect their smart phones with Fuji Xerox Multifunction devices to print. By utilising the Wi-Fi-Direct feature in addition to LAN / WLAN connections, you have a choice of further securing your print environment by providing separate printing options to guests and employees respectively.

* Wireless LAN Converter or Wireless LAN kit is required to use Wi-Fi function.

NFC Enabled

Selected Fuji Xerox Multifunction devices offer NFC technology for simplifying print and scan processes. Using NFC technology, contactless communication can be established between a mobile and Multifunction device*. Simply wave your NFC enabled mobile device on the Multifunction device to automatically launch Print Utility and you are ready to print or scan.

* To enable this you must install the Fuji Xerox Print Utility App.

* Mobile Touch Print & Scan Kit or IC Card reader – Type A is required to use NFC function.

• Only selected Android smartphones with NFC enabled are supported.

1. A cloud service provided by Fuji Xerox. A separate service contract is required
