

Xerox® DocuMate™ 4440i

Remarkable scanning efficiency
ideal for demanding environments

- Scans Insurance and ID cards through DADF
- Scans documents at 40 ppm/80 ipm*
- Visioneer® OneTouch® scanning to multiple applications
- Visioneer Acuity image enhancement software
- Kofax® VRS™ delivers perfect scans from imperfect originals
- Ultrasonic Double Feed Detection
- Create searchable PDF files to make it easy to find scanned documents

*200 dpi, b&w, greyscale, or colour
**20 lb., 75-80 g/m² paper

Versatility & Reliability

The Xerox® DocuMate™ 4440i is one of the fastest and easiest to use scanners in its class. With its advanced paper handling technology, integrated image enhancing software and a small footprint, the DocuMate™ 4440i is packed with features that will change how you look at and manage paper documents.

Scanner Application in Demanding Environments

The versatility of the DocuMate™ 4440i is an attractive solution for demanding environments such as healthcare and insurance applications. ID and insurance cards, as well as paper documents can be scanned through the Duplex Automatic Document Feeder (DADF) which holds up to 50 pages**. Fast scanning speeds of 40 pages per minute (ppm) and 80 images per minute (ipm) in duplex plus a 5,000 page daily duty cycle means this scanner will be a high productivity addition to your document workflow.

Manage the Chaos

Ultrasonic Double Feed Detection is built into the DocuMate™ 4440i so that you'll never miss a page due to a misfeed or a stapled document going through the scanner. Visioneer Acuity software technology is integrated into the DriverPLUS TWAIN™ driver so that you get perfect scans from imperfect originals. The Acuity software also

eliminates the need to rescan documents through automatic cropping, straightening, brightness control and edge clean-up. All this is integrated into Visioneer OneTouch so your entire scanning requirements are achieved at the touch of a button. In the end, paper transforms into a controlled flow of searchable information.

In addition, Kofax® VRS™ features enable you to suppress noise to yield smaller file sizes which is ideal for storage requirements.

Effortless Control

The DocuMate™ 4440i is powered by Visioneer OneTouch technology to scan documents instantly to one of 9 presets, yet completely configurable destinations. Visioneer OneTouch takes control of your documents and scans it using the optimal settings for resolution, colour, duplex, auto-crop, auto-straighten, file format and then delivers it to virtually any application, folder or device at the touch of a button.

Working together with Acuity image enhancing software, imagine the workflow possibilities of delivering perfect scanned paper documents in a searchable PDF format to email or Microsoft® SharePoint® or a custom web application for your enterprise, all at the touch of a button. Not only is this a productivity gain but greatly reduces the training requirements for scanner users, further helping your return on investment.

Xerox® DocuMate™ 4440i Scanner Software Solutions

Visioneer®

OneTouch

OneTouch provides the most efficient ease-of-use scanning experience to improve your work flow. OneTouch enables the Xerox® DocuMate™ 4440i scanner to send your scanned documents to nearly any destination of your choice all at the touch of a button. The files can be automatically delivered to a specific folder, email, Microsoft Office Application, a local or network printer, a custom application or your cloud storage.

Acuity

With the use of advanced algorithms and dynamic thresholding, Acuity aims to improve the visual clarity of every document that you scan. This technology enables your scanner to instantly correct documents containing imperfections, it improves the overall quality of scanned images, increases optical character recognition (OCR) accuracy and most importantly saves your time.

Nuance®

OmniPage® Pro

OmniPage Pro provides a precise OCR

and layout retention solution that quickly transforms scanned documents into editable and formatted text. The text can then be used in virtually any word processing, desktop or web publishing program.

PaperPort®

Millions of professionals rely on PaperPort to save time and money by efficiently converting paper into digital documents. PaperPort works with Xerox® scanners to turn paper documents into digital documents, it also helps you to manage them along with all other electronic documents in one convenient and easy-to-use filing system. PaperPort's large, clear item thumbnails allows you to visually organise, retrieve and use your scanner documents, including Word files, spreadsheets, PDF files and even digital photos.

PDF Converter

Nuance PDF Converter is the smarter PDF software choice for businesses. It combines superior Microsoft Office Support, powerful functionality, built-in intelligence, DMS integration and intuitive ease of use. Nuance PDF converter provides everything you need in order to create, convert, edit, assemble and securely share PDF files.

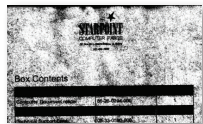

Kofax®

Kofax® VRS™ is a leading image processing software that ensures the best possible image quality and OCR for accuracy for scanned document images. The VRS features enable you to scan batches that consist of multiple document sizes or varying degrees of quality. This means you won't have to pre-sort mixed batches. It also automatically applies without character degradation.

Xerox® DocuMate™ 4440i Product Specifications	
Type	DADF Colour Scanner
Scan Speed	40 ppm / 80 ipm: 200 dpi (black & white, grayscale, or colour) 30 ppm / 60 ipm: 300 dpi (black & white, grayscale, or colour)
Scan Method	Duplex Automatic Document Feeder
Image Sensor	Dual CCD (Charge Coupled Device)
Light Source	Dual White LED lamps
Background	Grey
Optical Resolution	600 dpi
Output Bit Depth	24-bit colour, 8-bit grayscale, 1-bit black & white
Interface	Hi-speed USB 2.0 (1.1 compatible)
Detection	Ultrasonic Double Feed Detection
Dimensions (paper trays extended)	12"(w) x 20.8"(d) x 13.9"(h) (305 x 528 x 352 mm)
Weight	8.5 lb (3.85 kg)
DADF Minimum Document Size	2.75" x 2" (70 x 51 mm)
DADF Maximum Document Size	8.5" x 118" (216 x 2997 mm) @ 200 dpi
Card Scanning	7-110 lbs (28"-413 g/m ² paper)
DADF Capacity	50 sheets (20 lb., 75-80 g/m ² paper)
Duty Cycle	5,000 sheets/day
Maximum Card Thickness	0.051" (1.25 mm)

PC Minimum System Requirements

- Intel® Pentium® 4 or equivalent
- Windows® 8 / 7 / Vista® / XP®
- 2GB RAM
- 350 MB available hard disk space
- DVD-ROM drive
- USB port

Software

- Kofax® VRS™ Basic
- Nuance OmniPage Pro
- Nuance PaperPort
- Nuance PDF Converter Pro
- Visioneer® OneTouch®
- Visioneer Acuity
- Scanner Drivers: TWAIN, EMC® Captiva® ISIS® and Microsoft Windows Image Acquisition (WIA) Driver

Kofax® VRS™ 4.5 not supported on Microsoft Windows
